wtc conspiracy 911 9-11

Beware: Altavista and associated search engines (eg HotBot) have been
'sanitized', and return few links to sites honestly covering
the ongoing S11 coverup. Google still seems trustworthy on that
topic, but I read elsewhere that Google has its own biases.
For eg, they expunged a whole bunch of anti-Scientology links.
Also some reports they remove 'anarchist/bomb' type links.
